Subject Re: BBA: Threatened and Endangered

The answer to all of these is no. However, there are bird species of concern, which the state does recognize.

Subject: BBA: Threatened and Endangered

A question from a manager in OW:

Are any of the fish in the Bristol Bay Watershed on the federal threatened and endangered list?

Are there any species in the Bristol Bay watershed on the federal threatened and endangered list?

Does Alaska have a separate threatened and endangered species list?

Any insight?

Jeff
